**Academic Year: 2019-2020**

**ACTION TAKEN REPORT**

S. No	Suggestions	Action taken/Impact
<b>Students Feedback on Curriculum</b>		
1	Significant importance to be given for Content beyond Syllabus so that the students can explore more subject knowledge.	Content beyond Syllabus are prepared and delivered by the faculty.
2	Practical knowledge on emerging technologies and working on projects should be given importance.	Students are encouraged to do the Projects in real time and have participated in various events to expose their talents.
<b>Faculty Feedback on Curriculum</b>		
1	Faculty members suggested to attend Conferences to improve their research interest.	Faculty members are encouraged and insisted to attend Conferences to improve their research interest.
2	Faculty members suggested to include the theory and Laboratory course of the same subject in the same semester rather than providing in different semesters.	Letter to university is sent for the suggestion given by the faculty.
<b>Alumni Feedback on Curriculum</b>		
1	Necessitate the importance of training for Placement in the earlier semesters.	Students were given training and Placement in their Early Sixth Semester onwards.
2	More emphasis has to be given for doing Internship during the summer/winter vacation.	Implemented to increase the number of Industrial visit and instructed the students to attend the Internship during semester holidays.
<b>Employer Feedback on Curriculum</b>		
1	More industry-oriented courses that will cater to the skill development of the students were emphasized.	In addition to the regular courses, Skill Training Courses and insisted the students to attend Certificate Course.

S. No	Suggestions	Action taken/Impact
<b>Parents Feedback on Curriculum</b>		
1	More number of Industrial visit /Internship can be included to bring industry collaboration inside the campus.	Implemented to increase the number of Industrial visits during each semester.
<b>Students Feedback on Facilities</b>		
1	More time has to be allotted for library usage.	Library time extension for the students.
2	Facility for accessing resources for seminar and project works.	Additional wi-fi access points have been installed.
<b>Parents Feedback on Facilities</b>		
1	Bus route has to be extended till Kannamangalam.	Suggestions brought to the notice of authority and will be executed in the upcoming academic years
<b>Hostel Students Feedback on Facilities</b>		
1	Additional Indoor game facility has to be done.	Provision for few additional indoor games is facilitated.

**Department of Computer Science and Engineering**

**Academic Year: 2019 - 2020**

**ACTION TAKEN REPORT**

S. No	Suggestions	Action taken/Impact
<b>Students Feedback on Curriculum</b>		
1	Students need more exposure to Industries expectations, so may allow / arrange field visit	Students are encouraged to do the Projects in real time and have participated in national, International Conferences, Journal Publication for their project Works. 1. The course Data Science and Full Stack are reorganized as additional topics to strengthen the core knowledge of the students. 2. Applications of various technical concepts were included in Python Programming Laboratory.
<b>Alumni Feedback on Curriculum</b>		
1	More Mock test to be conducted for the requirement of job opportunities to improve knowledge in that domain and may check the competency.	1. CBCS has been implemented in PG and UG programs enabling the students to choose elective subjects as per their need and interest. ➤ Block Chain with Full Stack ➤ Augmented reality and Virtual reality. 2. Courses like UI and UX Design, Computer Vision, Artificial Intelligence in Audio and Video Impression included in the syllabus as Open Elective to study the courses from other disciplines.
<b>Parents Feedback on Curriculum</b>		
1	Online Summer trainings required as a part of curriculum activity can be conducted by the department in collaboration with industry experts.	1. Add a course English Language Communication Skills for interpersonal skills Laboratory by sending letter to university. 2. New courses were included in the upcoming curriculum(R-2021) to meet the challenges and needs of the society.
2	Parents show satisfaction in most of the parameters. Some parents want more initiatives to improve the overall development of the students by modifications in the syllabus which meetup new challenges.	Value added course conducted with the applications of various technical concepts included with Latest Programming Technology as laboratory.
<b>Employer Feedback on Curriculum</b>		
1	Allocate separate period in curriculum time table for NPTEL/ONLINE courses with that will observe student activity.	Based on the Employer feedback, new courses are included in the respective program as given below. Course on • Embedded Technology • Augmented Reality and Virtual Reality
2	Industry and department collaboration training may offer either online / offline manner.	CSE department conducted the following Value-added course. ➤ Deep Learning ➤ Wireless Sensors network

**Phone : 9416-2297031 / 33 / 34**

Faculty Feedback on Curriculum		
1	Faculty members suggested to go industry to get knowledge about real time execution of programming language.	Industry oriented courses were introduced on latest trends of Computer Science and Engineering courses like Deep Learning and Virtual Reality.
2	Conduct Conference and FDP in the department.	Faculties regularly attended FDP / Workshop / Conference/Seminar to update the latest trends. Gaps are filled with the events and innovative teaching methods.
Students Feedback on Facilities		
1	High end configuration system required. Restrooms must be properly cleaned.	1. Additional laptop facility provided department wise for conducting seminar, project works etc. 2. Ambulance with basic life support. 3. Library facility in hostel with academic and general books.
Parents Feedback on Facilities		
1	May change the break timing to avoid rush in the water system	More Tap added in the drinking water system
Hostellers Feedback on Facilities		
1	Geyser may keep in each floor for winter usage	More Solar Panels added with Solar Water System.

**Academic Year: 2019 – 2020**

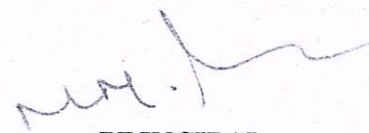

**ACTION TAKEN REPORT**

S. No	Suggestions	Action taken/Impact
<b>Students Feedback on Curriculum</b>		
1	Implication of Practical knowledge gained from the subjects was found to be less.	Students are encouraged to do the Projects in real time and a project expo was conducted for all students to encourage and implement the learned skills.
2	Applicability/relevance of curriculum in real life situations can be increased.	Value-added courses typically refer to additional educational courses or training programs that are designed to supplement a student's regular curriculum and provide them with extra skills or knowledge beyond their core studies.
3	Various laboratories have been combined and less practical knowledge gained.	These courses can vary widely based on the institution or organization offering them, and they often cater to specific interests or professional goals.
<b>Faculty Feedback on Curriculum</b>		
1	Faculty members have suggested to include modern technological advancements in the Syllabus.	Faculty members send the changes needed in curriculum as a suggestion to Board of Studies.
<b>Alumni Feedback on Curriculum</b>		
1	Involvement of alumni in college events to be improved.	The college invites alumni to participate in the activities and events as and when possible, calls them as resource persons.
<b>Employer Feedback on Curriculum</b>		
1	Gender awareness programs to be organized.	Gender Sensitization programmes were supported through activities of various centres such as Women's Empowerment Cell.
<b>Parents Feedback on Curriculum</b>		
1	Some parents want more initiatives to improve the overall development of the students and modifications in	Communication skill lab & Interpersonal lab will be handles by the department of English for the lower semesters to improve the

**Academic Year: 2019 - 2020**

**ACTION TAKEN REPORT**

S. No	Suggestions	Action taken/Impact
<b>Students Feedback on Curriculum</b>		
1	Needs to give more weightage on MOOCs.	We encouraged the students to attend MOOC / NPTEL/ Swayam courses. Our students attending the NPTEL courses regularly.
2	Students have suggested that the programs should be more inclusive and flexible, which can enable them to pursue courses of their interest.	CBCS has been implemented in PG and UG programs enabling the students to choose elective subjects as per their need and interest.
<b>Faculty Feedback on Curriculum</b>		
1	Advised to introduce latest trends of Electronics and Communication Engineering courses.	Department of Electronics and Communication Engineering conducted the following Value-added course. (i) Embedded C and ORCAD (ii) IoT for Embedded System
<b>Alumni Feedback on Curriculum</b>		
1	More Focus on industry related Courses.	Motivated the Students to participate in NPTEL, SWAYAM, etc.,
2	More books and journals on current topics in the library to be available.	College library updates by purchasing new books and journals every year.
<b>Employer Feedback on Curriculum</b>		
1	Gender awareness programs to be organized.	Gender Sensitization programmes were supported through activities of various centres such as Women's Empowerment Cell.
2	Summer trainings required as a part of curriculum activity can be conducted by the department in collaboration with industry experts.	Department of Electronics and Communication Engineering conducted the following Value-added course. <ul style="list-style-type: none"> <li>• Embedded C and ORCAD</li> <li>• IoT for Embedded System</li> </ul>

<b>Parents Feedback on Curriculum</b>		
1	Many parents suggested that besides the regular teaching learning process, students should be given some exposure to real-world problems.	Department organizes talks by industrial and academic experts.
2	Need individualized attention for each student.	We follow mentoring system for improving academic performance of each student.
<b>Students Feedback on Facilities</b>		
1	Provide permission for usage of Library after 4.30p.m.	We provide Library facility up to 5.30p.m.
<b>Parents Feedback on Facilities</b>		
1	Provide street lights facility near playground.	Light facility available beside of college building and Hostel building.
<b>Hostellers Feedback on Facilities</b>		
1	Need digital library facility during study hour.	We provide digital library facility with prior permission.
2	Improve medical facility	Ambulance facility available in our campus.

**Academic Year: 2019 - 2020**

**ACTION TAKEN REPORT**

S. No	Suggestions	Action taken/Impact
<b>Students Feedback on Curriculum</b>		
1	More advanced technology subjects have to be added.	Upcoming courses like Robotics, Unconventional machining process were elected and opted as open and professional elective as per the Anna University curriculum for Mechanical engineering
2	Few subjects felt difficult for slow learners.	Exam preparation classes were conducted where slow learners were given special attention to pass in university examinations
3	Sports day and time must be allotted for sports in academic schedule.	Sports day was conducted and PET hour was added in the class timetable for each year.
<b>Faculty Feedback on Curriculum</b>		
1	Management can support more on the faculties who undergo FDPs for the upcoming new courses.	Faculties were encouraged to attend the FDPs conducted from other colleges and remuneration was also provided by the management.
<b>Alumni Feedback on Curriculum</b>		
1	Alumni suggested including humanity & ethical courses in the syllabus	As per the Anna university syllabus, Professional ethics in engineering has been opted as an elective in the final year courses
2	Training for placement preparation has to be allotted in the curriculum	Placement and training classes were conducted from pre-final year itself
<b>Employer Feedback on Curriculum</b>		
1	Courses on Professional Ethics will be encouraged among students before joining a company	An elective course titled Professional Ethics in Engineering was opted for final semester students as per the Anna University syllabus.

S. No	Suggestions	Action taken/Impact
2	Students can be given awareness on Online certified courses and to complete those before joining a company	Online NPTEL courses were made displayed on the notice board and students were encouraged to attend the courses effectively.
<b>Parents Feedback on Curriculum</b>		
1	Slow learners have to be given much importance for exam preparation	Exam preparation classes were conducted where slow learners were given special attention to pass in university examinations.
2	Holidays can be provided in weekends.	1 <sup>st</sup> and 3 <sup>rd</sup> Saturday were given holidays in academic Calander
3	Students can be given some days to exhibit their extracurricular activities	Pongal day & Festober were conducted to encourage the students in our culture and showing their talents
<b>Students Feedback on Facilities</b>		
1	Cultural and other days have to be celebrated separately not along with placement	Festober was in the month of October as a part of exhibiting students' talents in various ways
2	Digital library must be made available near the department.	Department library was equipped with two computers and WiFi connections to the digital library.
<b>Parents Feedback on Facilities</b>		
1	Mess food can be altered regularly	Intimated to Mess in charges through Principal and food was altered necessarily.
<b>Hostellers Feedback on Facilities</b>		
1	Upgraded or New Sports kits can be provided for playing	It was provided to hosteller by department of physical education.

**ACTION TAKEN REPORT**

S. No	Suggestions	Action taken/Impact
<b>Students Feedback on Curriculum</b>		
1	Software related courses can be conducted to meet industrial needs.	Yearly once skill-oriented courses are arranged to improve the practical exposure of the students.
2	Students need more exposure to Industry.	Students visit IT industries to understand the working environment.
<b>Faculty Feedback on Curriculum</b>		
1	Advanced topics can be included for the practical subjects.	Content Beyond Syllabus included for the lab and theory courses.
2	Internship can be made as mandatory	Students are encouraged to do internship
<b>Alumni Feedback on Curriculum</b>		
1	To prepare students for the higher studies.	Awareness programs are conducted through Career Guidance Cell.
2	To incorporate internships for practical subjects.	Students are motivated to do internships during semester break.
<b>Employer Feedback on Curriculum</b>		
1	Lack of Knowledge in Research area	Integrated Innovative Lab inaugurated to work on Research challenges
2	Prepare students to improve communication skills and team building	English club was initiated and various activities conducted to improve students' communication skills.
<b>Parents Feedback on Curriculum</b>		
1	Prepare students to improve their communication skills	Various guest lectures and events are conducted to enhance the student's communication skills.
2	Improve the students performance to meet the organization expectation.	Technical Events are conducted frequently by the department to fill the gap between academic and organization
<b>Students Feedback on Facilities</b>		
1	Allow to use college transport for the local visit.	Management gave permission to use college bus for the local visits.
2	Expect proper guidance for the career.	Career development programs are conducted for the students.

**Academic Year: 2019 - 2020**

**ACTION TAKEN REPORT**

S. No	Suggestions	Action taken/Impact
<b>Students Feedback on Curriculum</b>		
1	Subjects such as Physics and Chemistry must be modified relevant to Engineering	The management advised the concern subject faculties to correlate the science subjects with Engineering aspects while teaching the context.
2	Practical sessions must teach subject beyond the experiments.	With management support the department of chemistry purchased spectrophotometer to demonstrate to the student about the colorimetric principles.
<b>Faculty Feedback on Curriculum</b>		
1	The curriculum should train the students to face competitive exams and hence value- added courses can be conducted relevant to aptitude tests.	The suggestion is taken to principal through HOD and a course relevant to aptitude test was introduced during the vacation period as value added course.
<b>Parents Feedback on Curriculum</b>		
1	Students must be given opportunities to participate in sports and cultural in and around the college campus.	The management encouraged the students to participate in intercollege level sports activities with college transport assistance.
<b>Students Feedback on Facilities</b>		
1	The internet facility is very slow in the laboratory.	The management took necessary action to rectify the problem with high-speed broad band connection.

  
**PRINCIPAL**  
 Kingston Engineering College  
 Chittoor Main Road, Vellore - 632059.  
 Phone : 0416-2297031 / 33 / 34

2	Use of more multimedia resources and addition of graphics for better understanding and effective learning.	Teachers are advised to use multimedia resources to explain the intricacies of the subject along with regular (chalk and talk) classroom teaching.
<b>Parent Feedback on Facilities</b>		
1	Number of bus routes should be increased from nearby districts and interior parts to college.	The management considered the request of the parents and increased bus route in such a way that, students from interior places can also utilize the college transport facility.
2	To improve the career opportunities of the student's communication skills must be given more importance from first year itself.	The management insisted the language faculties to give more importance to spoken English for the first-year students.
<b>Hostellers Feedback on Facilities</b>		
1	Number of Solar heaters should be increased.	The management considered the request of the hostel students and increased the number of Solar heaters.

Academic year: 2019-2020

**ACTION TAKEN REPORT**

S.No	Suggestions	Action taken/impact
<b>Students feedback on Curriculum</b>		
1	Practical knowledge on emerging technologies and working on projects should be given importance.	Students are encouraged to do the Projects in real time and have participated in national, International Conferences, Journal Publication for their project Works.
2	We are happy and contented with the curriculum.	Continued regular surveys and feedback sessions with students to ensure ongoing satisfaction with the curriculum, incorporating their suggestions for improvements and enhancements to maintain high levels of engagement and contentment.
<b>Alumni feedback on curriculum</b>		
1	Need to train the students for placement in the earlier semesters is recommended.	Implemented the Saturdays events and conduct model interviews and group discussion to improve students performance.
<b>Faculty Feedback on Curriculum</b>		
1	Students need to come out from the comfort zone to overcome the stage fear.	Implemented experiential learning initiatives such as mock presentations and role-playing exercises to help students build confidence and overcome stage fear, fostering a supportive environment for personal growth and skill development.
<b>Parent feedback on Curriculum</b>		
1	Summer trainings required as a part of curriculum activity can be conducted by the department in collaboration with industry experts.	We encouraged each student to attend Field work/ Internship training in various reputed industries.

  
**PRINCIPAL**  
**Kingston Engineering College**  
**Chittoor Main Road, Vellore - 632059.**  
**Phone : 0416-2297031 / 33 / 34**

2	Parents show satisfaction in most of the parameters. Some parents want more initiatives to improve the overall development of the students and modifications in the syllabus to meet new challenges.	Every department organized a symposiums/workshops/ talks by industrial experts and academicians from reputed corporate and industries which enabled active interaction of the student with experts in their field.
<b>Employer feedback on curriculum</b>		
1	Allocate separate period in curriculum time table for NPTEL/ONLINE courses.	NPTEL period is added in academic Time Table
<b>Faculty feedback on curriculum</b>		
2	Need more Practical Knowledge from Industry.	Organization and conduction of practical session on management studies to enhance the teaching-learning skills of the teachers.
<b>Students feedback on facilities</b>		
1	Parking facilities need to be spacious.	To address concerns about parking facility space, the college has expanded parking areas and optimized layouts to ensure ample space for students and staff.
<b>Hosteller feedback on facilities</b>		
1	Satisfied and happy with the facilities.	As positive feedback received from the students we maintained the same and implement new features in hostel.
<b>Parents feedback on facilities</b>		
1	Slow learners need to take special care for students better.	Conducting the re-test to improve the students.
